SUMMARY

Junior UX Designer with hands-on experience redesigning 30+ workflows for an enterprise file management platform used by 1,000+ users. Focused on simplifying complex, high-density B2B interfaces through user research, systemized components, and close collaboration with engineering and product teams to ship production-ready features.

EXPERIENCE

Junior UX Designer

ESCRIBA

📅 09/2025 - Present [Bangalore, India](#)

Owned end-to-end UX (research → wireframes → prototypes) for 30+ feature redesigns on ECAP File Manager, a 40+ year-old enterprise low-code/no-code platform used by 1,000+ users across companies in Germany including Siemens and Schindler.

- Ran UX audits, stakeholder interviews, and workflow analysis to identify and prioritize high-impact usability gaps.
- Designed key features – Save Draft, cross-record file movement, external file sharing, advanced filters, and the Quick Start Dashboard – simplifying core file management workflows.
- Improved the SCRIBE 1.4 design system with new/refined components and design tokens, partnering with 5–6 engineers, 2–3 PMs, and QA across 10–15 releases.

PROJECTS AND CASE STUDIES

💡 ECAP Care | Enterprise Learning & Certification Platform

Designed an enterprise learning and certification platform featuring course management, assessments, progress tracking, and certification workflows for employee training.

Skills: UX Research · Enterprise UX · Prototyping · Figma Make

💡 Lok Katha App Design (Case Study)

Designed an end-to-end platform connecting independent artists with local opportunities through user research, workflow design, and high-fidelity prototyping.

Skills: UX Research · App Design · Product Design · Prototyping

💡 Eve - Period Tracker App Design

Designed an interactive period tracking app featuring personalized mood-based recommendations, journaling, voice notes, and seamless onboarding.

Skills: Mobile UX · Interaction Design · UI Design · Prototyping
